

Willis Towers Watson HR Software

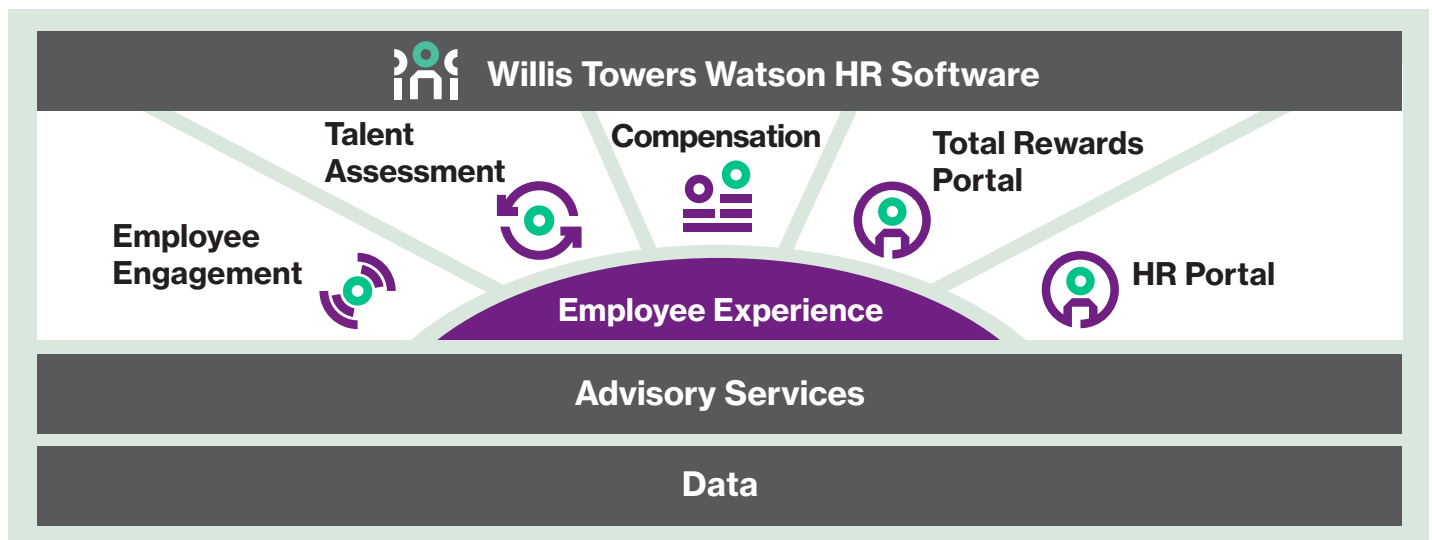

Willis Towers Watson offers the only HR software products built on more than 100 years of experience solving the most complex HR issues for the world's largest companies.

The Willis Towers Watson difference

The only entity more complicated than a big company is an individual human. And HR is the lone function that must manage both. Fortunately, Willis Towers Watson HR Software can handle the complex needs of large corporations while also delivering personal and engaging employee experiences. Cookie-cutter software works fine for some companies. But the world's most complex organizations require a dynamic combination of enterprise-strength technology, world-class professional services and reliable data to power an engaged corporate culture.

Willis Towers Watson HR Software can handle the complex needs of large corporations while also delivering personal and engaging employee experiences.

HR Software, Advisory Services and Data The Willis Towers Watson difference

Key features

- Enthusiastic Employee Engagement – Solutions for motivating employees to go the extra mile for the company and for themselves
- Vision-Oriented Talent Assessment – Technology, data and consulting to help companies make confident, data-driven recruitment and development decisions
- Balanced Compensation Plans – Global compensation planning that strikes the right balance between managing budgets and rewarding employees
- Personalized Total Rewards Portal – A customized view for each recruit or employee to see and understand all the company provides as part of the employment deal.
- All-Access HR Portal – Configurable employee hubs that provide integrated access to critical HR services and content
- Insightful Data – Access to the world's largest proprietary databases of compensation and HR data
